The people who shape our communities

With integrity, innovation, and dedication to quality, Zak Dirt Inc. builds heavy/highway construction projects that shape our communities. Public agencies and private entities have trusted Zak Dirt's proven record of high performance, safety, regional expertise, efficiency, cost-effectiveness, and environmental responsibility since 1976. We are family owned, and our professional, pride-driven culture empowers Zak Dirt employees and contractors – your friends and neighbors – to achieve outstanding project results that help communities thrive.

Zak Dirt has been honored with several prestigious awards including Project Management Awards from the Colorado Contractors Association and Colorado Department of Transportation, a Colorado Construction Gold Hard Hat Award, and Safety Awards from the Associated General Contractors Association and Colorado Contractors Association.

Our Values

People

Our work, and the way we do it, directly impacts the communities where we live and we're proud of the company we keep.

Safety

Zak Dirt exceeds standard requirements to ensure that our projects are completed with uncompromised attention to safety.

Integrity ("The Zak Way")

We hold ourselves to a higher standard of accountability and work ethic, driven by a company-wide commitment to integrity.

Eco Responsibility

Zak Dirt's commitment to environmental responsibility boils down both compliance and proactive common sense.

Innovation

Drawing on deep experience and expertise, Zak Dirt identifies efficiency- and quality-driven solutions for project challenges

Dedication to Quality

Zak Dirt maintains a strong reputation for success-driven performance across the heavy/highway construction industry and the general public.

Our mission is our dedication to quality – in workmanship, people, and results. Learn more about our values, projects, and awards at ZakDirt.com.

Portable batch plants: Eco-friendly, time-saving

Using low-profile portable batch plants when appropriate is just one way that Zak Dirt shows its commitment to local communities. Mixing our concrete on site reduces construction traffic and accelerates your project's schedule. Get to know the benefits of this "Most Innovative Product" award winner.
